Minden celebrates Canada Day, village's anniversary

These smiling youngsters found plenty to laugh about at the Canada Day celebrations in Minden on Sunday. The afternoon event featured a number of activities linked to the community's 125th anniversary

celebration. As well as meeting a clown, children who were on hand for the day took part in races, a kite flying workshop and many other events.

Council under fire over way lot sold

By ELIZABETH CHURCH
Staff Reporter

A Soyers Lake cottager has claimed that Anson, Hindon and Minden council acted unethically when it did not advertise the sale of a municipal lot, but council has denied that it is guilty of any wrong-doing in the affair.

Speaking before council last Thursday, a Mr. VanKoughnet said council was at fault when it agreed to exchange properties on Soyers and Mountain Lakes with local resident Gary Vasey in order to obtain the "Welch" property in Minden, owned by Vasey. "It should have been offered to all taxpayers," claimed VanKoughnet, whose property borders on the lot in question. In addition, VanKoughnet expressed concern on behalf of local cottagers that the municipality has allowed construction to begin on a lot which has only 71 feet of lakeshore frontage.

"Why should anyone be allowed to build there when most of us have had to buy 100 or 120 foot lots?" he asked, and added, "We want a stop work order."

In response to VanKoughnet's concerns, councillor Gary Kenney explained that council did not have

a responsibility to tender the property because it was used as part of the land negotiations with Vasey. Kenney said council would ask Municipal Law Enforcement Officer Dick Schell to examine VanKoughnet's claim that the house now under construction on the property does not conform to municipal regulations.

Originally, the lot was acquired by the municipality under the mandatory parkland designation when the surrounding area was subdivided. Under a new by-law passed in 1982, however, the lot was rezoned as residential. Although the 1982 by-law has since been rescinded, the transfer in ownership took place while it was in effect and as a result, the property has remained residential, despite its small shoreline.

Reeve Lyle McKnight said the real blame lies with the past council who should never have agreed to a lot with 71 feet on the lake. McKnight noted, however, that once that lot had been created, future councils would "have to live with it." McKnight explained that under the 1982 provisions, only 80 feet of lake frontage was required.

Lawyer wins nomination

Bruce Glass to begin his campaign for area seat

By ELIZABETH CHURCH
Staff Reporter

Lindsay lawyer Bruce Glass will run as the Liberal candidate for Victoria-Haliburton in the next federal election. Glass, who was unchallenged in his bid for the nomination, was officially declared as the federal candidate at a meeting of the Victoria-Haliburton Liberal Association in Lindsay last week. Glass received support from former candidate Ivan Rodd, who nominated him for the position, and from local resident Joan Sawyer who seconded the nomination.

"We've got a challenge," Glass said in a telephone interview from Lindsay in reference to the upcoming federal election. Glass added, however, that he believes the leadership conventions of both the Conservative and Liberal parties indicate that people are ready for "new faces and a fresh approach." He believes the voters of Victoria-Haliburton are also ready for a change.

Glass explained that he plans to focus his campaign for the federal seat on measures to aid the further development of the tourist industry and on methods to stimulate the development of industry in the region. Glass voiced his concern over the decline in American tourists to the area and said he is in support of measures such as the elimination of sales tax on food and lodging and the road tax on gasoline during the summer months as a way to draw vacationers from across the border. Glass also noted the loss of certain industries in Lindsay and in Cobocok over the past few years. In future, Glass said, "the M.P. for this riding will have to act as an aggressive, active industrial com-

missioner. He will really have to push for development to take place." Glass added that he believes an attempt should be made to draw industry further north, and said the county of Haliburton should be included in any attempt to attract more industry to the riding.

Although Prime Minister John Turner has not announced a date for the next federal election, Glass said he and his supporters plan to campaign throughout the summer regardless of when voting is set to take place.

Minden presents Heritage Awards to four citizens

Anson, Hindon and Minden council has announced the first four recipients of the municipality's Heritage Awards. The awards, given in recognition of service to the community, were presented to Percy Brintnell, Eldon Deacon, Peter Dollo and Reeve Lyle McKnight during the opening ceremonies of Canada Day celebrations in Minden.

These four men were chosen by council to receive the initial awards because they are active charter members of either the Rotary or the Kinsmen club. The awards, which consist of a framed certificate, are issued by the provincial government to municipalities to mark Ontario's Bicentennial.

In discussing the choice of these first award winners, councillor Gary Kenney, who is chairman of the municipality's Bicentennial Committee, noted that he felt all four men were "certainly due the recognition."

Staanworth housing project underway

Speakers praise spirit of co operation among participating municipalities

The cornerstone for a 22 unit senior citizens housing project in Minden was officially laid at a ceremony last Wednesday attended by municipal and federal government representatives, the architect, and the head of the contracting firm which is building the structure.

Anson, Hindon and Minden deputy reeve Ed Pergolas, chairman of the joint committee responsible for the project, set the stone in place.

The ceremony capped more than a year of effort by elected officials and interested citizens in Anson, Hindon and Minden, Lutterworth and Stanhope Townships.

At a reception following the outdoor ceremony, Pergolas said the structure which is now being built is the culmination of "frustration, hard work and co operation among the three municipalities."

The project is "on target," Pergolas said, with the first residents expected to move into the building on October 1.

Minden reeve Lyle McKnight expressed his "thanks and gratitude" to members of the Staathworth committee for their efforts. McKnight noted that it has been an "experience" for the three townships to work so closely together on one project, and that although there have been dozens of meetings "we've never had an argument."

Stanhope reeve Harry Davis de-

scribed last Wednesday's cornerstone ceremony as "a red letter day" for the area, and said the new building would be "a fine addition to the county."

Davis said he is "proud of the people we have representing our township" on the Staathworth committee.

Lutterworth councillor Bill Prentice said his municipality is "extremely happy" to have the building in the area, and complimented the committee for the cooperative manner in which the project has

been carried out.

Architect V.W. Kuchar said the committee has done "remarkably well" in securing government financing for the project, since only 922 units will be built in Ontario this year, none in Toronto, only 25 in Ottawa, and 125 in Mississauga. Kuchar told the group, which included a number of seniors who will live in the building once it is completed, that the units were designed to be comfortable and efficient.

Tom Morrison, representing

Central Mortgage and Housing Corporation, the federal agency funding the project, said the government has provided a loan of \$895,130 for the building, and will subsidize up to \$83,000 a year in operating costs.

Om Aroro, president of Arospan, the Mississauga based company which is building the structure, said working with the Staathworth committee has given him "a feeling of being part of the community," adding that his company would "try our utmost to give you the best building that we can."

Minden to consider issue of spending

By ELIZABETH CHURCH
Staff Reporter

Anson, Hindon and Minden council has asked its finance committee to look at ways of monitoring staff spending. Council made the motion after staff reacted to a report of an earlier discussion by council of the present purchasing system.

The topic was brought to the table for further discussion last week by councillor Gary Kenney, who expressed concern that employees had been given the wrong impression of council's original discussion on spending. "We owe it to workers to clarify what was said," Kenney claimed, adding, "I personally

don't think that spending is out of hand. When you have millions of dollars to spend, then you may have to spend \$10,000 in one store."

Referring to a 4.4 percent increase in mill rates for 1984, Kenney said council is in control at the budget level but said an impression is being given that council is allowing spending to go on at an uncontrolled rate.

Deputy Reeve Ed Pergolas disagreed with Kenney. "No one had disputed what I said. The same people who have been complaining to you have been smiling at me in the halls," Pergolas said.

Pergolas, who is chairman of the

finance committee, said the increase in mill rates was kept at 4.4 percent because council has become more money conscious.

"It's a constant battle," he noted.

"We are doing well at the monitoring end, but not at the spending end," Reeve Lyle McKnight said.

"We have to live with what was said," McKnight concluded, suggesting that some action could be taken now that the problem has been aired by the Echo.

The situation will now be examined by the finance committee who

Police news

Editor's Note: The following is a press release from Minden O.P.P.

During the period of June 25 to July 2, personnel at Minden Detachment investigated the following occurrences: 15 motor vehicle accidents (13 of which occurred on the weekend), with four persons injured; and 121 general occurrences including 19 thefts, 17 lost and found, 15 liquor infractions, nine break and enters, and five noise complaints.

Stabbing

At 1:15 a.m., Sunday morning, July 1, a man was stabbed at a house party on Highway 503 near Tory Hill. Larry MacDuff, age 32, of Oshawa, received stab wounds to his abdomen and chest and was taken by ambulance to Haliburton Hospital. After initial treatment there he was transferred to Civic Hospital in Peterborough.

Another Oshawa man, Marion (Mike) Czochra, age 54, was arrested later the same day at his apartment. He was lodged in Lindsay Jail charged with attempted murder. He was scheduled to appear in Lindsay Court July 3. The incident is being investigated by Constables Bob Pearson and Ken Wesley.

Cruiser Damaged

At 1:30 a.m. June 30, Constables Glenn Irving and Brad Burkholder drove into the parking lot at the Haliburton Curling Club where a dance was just ending. After a short interval a youth was seen to run from the building towards the police car. After landing several kicks against the fender of the car he was eventually subdued by the two police officers. Further damage was done to the cruiser when the youth was arrested and placed inside. Charged with mischief, resisting arrest and assaulting a police officer is Frank Bird, age 17, of Haliburton. He was scheduled to appear in Lindsay Court July 3.

Rollover

On Sunday, July 1, at 5:30 p.m., Frank Wilson, 24, of Oshawa, drove his '81 GMC onto the right shoulder of Highway 121 near Loon Lake. He steered suddenly left and the pick-up veered across the road into a rock cut. Damage to the truck was \$7,000. The driver received minor injuries. He was charged with careless driving.

Drowning

A 13 year old Quebec youth drowned on July 2 at River Bay dam in McClintock Township at approximately 2:00 p.m. Pierre Boucher was part of a group of campers from Camp Trail Finder on Kawagama Lake. He had apparently separated from the group at meal time. He either jumped or fell from the dam into the fast water below. A search was conducted as soon as he was missed and he was located in three feet of water near shore. Resuscitation attempts failed to revive the boy. He lived at Ste. Foy, Quebec. Coroner was Dr. D. Jones of Huntsville.

Rollover

On Saturday, June 30 at 10:15 p.m. on Highway 35, north of the County Line, Laura Kuzyk, 27, of Toronto, lost control of her 1980 Toyota. The car spun around then entered the right ditch where it rolled over, incurring \$5,000 damage. The driver received minor injuries. Her passenger, Catherine Batchelor, 26, of Mississauga, was taken to Minden Hospital with more serious injuries. She had been thrown from the car. Kuzyk was charged with careless driving.

HALIBURTON BOOKKEEPING AND TAX SERVICES

A new service located in Haliburton Village above the Red & White food store.

Operated by Mike Jones C.G.A. with over 15 years of service to the business and residents of Haliburton and Victoria Counties.

Providing a wide range of services including accounting, bookkeeping, income tax preparation and planning.

Minden deputy reeve Ed Pergolas is all smiles as he lays the cornerstone of the new Staanworth senior citizens housing project in Minden. Also taking part in the ceremony last Wednesday were, Roy Windover, a member of the Staanworth committee; Om

Arora, president of Arosan Industries which is building the structure, and Tom Morrison of Central Mortgage and Housing Corporation, financial backers of the project.

County council minutes

At its May meeting, County council of the County of Haliburton considered the following matters:

By-law 1270, a by-law to restrict and regulate the destruction of trees in Anson, Hindon and Minden, Bicroft, Monmouth and Stanhope Townships, was passed.

The clerk was instructed to prepare a by-law to enact Section 28 of The Municipal Act for representation on County council for the next municipal election. Recorded vote: 18 Yeas, 11 Nays.

Finance chairman G. Lewis reported on the committee's inspection of accounts and recommendation for approval. He also directed attention to the 1984

Audited statement as circulated. Reeve M. Fearrey declared interest in Cheque #180 \$22.30 and refrained from discussion and voting.

Accounts were approved in the amount of \$97,685.40 representing cheques numbered 108 to 158 inclusive for the period March 21 to April 17, 1984; and the amount of \$112,846.33 representing cheques numbered 159 to 192 inclusive for the period April 18 to May 15, 1984.

The clerk read a number of letters as requested by the Correspondence Committee.

Council supported the resolution from County of Bruce Planning Department regarding revisions to Line Fence Act.

County Council received a

deputation of representatives from the Haliburton County Historical Society comprising Frank Wallace, Roy Windover, Ross Carver and Bob Wiltshire. President Frank Wallace and director Roy Windover addressed County council, explaining the mandate of the Society and required moral and financial support.

Council adjourned to Committee of the Whole to discuss monetary support of the Haliburton County Historical Society and personnel related matters. Past Warden William Howe took the Chair.

Council said it recognized

and would support the Haliburton County Historical Society and will give consideration to requests for financial support when a needs study of projected requirements is established. Council authorized payment of up to \$1,000 to the Haliburton County Historical Society for administration purposes.

Council supported the Townships of Glamorgan and Snowdon in objecting to an official name change of a lake in Glamorgan and Snowdon Townships from the more recent name of 'Salerno' to the original name of 'Devil's Lake', and the Ministry of

Please turn to Page 11

Sherborne et al council

A regular meeting of Sherborne et al council was held June 11 at the municipal office in Dorset. The following matters were considered:

Road Superintendent Delbert Page reported to council. MNR has verbally approved parcel of Crown land off South Kawagama Lake Road for new location of municipal stock pile of winter sand and equipment. Members of council were to arrange a site inspection prior to any final decisions being made.

Council approved payment of Road Voucher No. 5 for the month of May, 1984 in the amount of \$7,952.14.

The MTC roadside park, Highway #35 at Dorset, was once again reviewed. Members will visit the site at the end of the session of council to discuss the possible take over by the municipality from MTC in future.

Next on the agenda, council was asked by Ontario Hydro to consider giving approval to place poles and anchors as staked and carry out the necessary cutting and tree trimming in connection with the new extension to be located on the north side of Harvey Avenue between Part Lot 29, Con. A, Sherborne Township. The clerk was directed to write Ontario Hydro advising them that council would only approve the burying of cables along the 25 foot road allowance under the jurisdiction of the township.

Councillor Joyce McKey read a letter from the office of Secretary of State advising her that the municipality's application for a grant for a project to celebrate Ontario's Bicentennial in 1984 had been considered by the Ontario Citizens Advisory Committee. The letter went on to advise the municipality that their proposal was not considered to be the kind of activity the Government of Canada's Bicentennial grants program was intended to support; therefore the Committee could not recom-

mend a grant for the proposed activities.

The clerk was instructed to write to Bill Scott, M.P. for further clarification and a report as to where Federal monies would be spent.

Councillor Joyce McKey was appointed to review current Municipal Policy dated January 1980 and submit data to council for updating. She will review all staff "Record of Employment" files and report to council monthly. These appointments are at the pleasure of council.

Dave McDonald reported to council. Members were in receipt of a monthly report in respect to number of building permits issued for May 1984.

Two applications for road allowance closure were received and recommended.

Council recommended under Application No. RAC-5/84 the closure, stopping up and sale of a portion of the Original Shore Road Allowance in front of Lot 20, Concession 12, Township of Sherborne. This original shore road allowance abuts patented land in the names of Mrs. Madeline London and Mrs. Joan London. The clerk was instructed to proceed with the necessary steps in the procedure for Closure pursuant to the Municipal Act, R.S.O. 1980 as amended and in accordance with County and Municipal Policy.

Council recommended under Application No. RAC-3/84 the closure, stopping up and sale of the Original Allowance for Road along the shore of Tock (Otter) Lake in front of Lot 5, Concession 2, McClintock Township. Said original allowance for road abuts patented lands in the name of Kenneth Balkwill. The clerk was instructed to proceed with the necessary steps in the procedure for Closure pursuant to the Municipal Act, R.S.O. 1980 as amended and in accordance with County and Municipal Policy.

Stanhope set for airshow

The skies over Stanhope township will once again be filled with colour and action this Sunday as the community stages its annual air show.

Pam Rolfe, a member of the organizing committee for this year's event, said the group has planned "a pretty good show."

Among the highlights will be static displays of aircraft, a demonstration by the Canadian Armed Forces, glider flying by Peter Allan, spectacular aerobatics by Nick Daniel, who will also act as MC for the event, a parachute team, microlight and ultralight aircraft, and fly pasts by replicas of World War 1 Fokker biplanes and tri-planes.

As well, this year's show will feature an airplane which lands on the back of a moving truck.

There will also be flight demonstrations by radio controlled model aircraft, a comedy act, and an opportunity to take a ride in a two seater ultralight aircraft.

The event gets underway at 11:30 with a flea market and beef barbeque. The air show is scheduled to begin at 1:30 p.m. Following the show the Jeff Barry band will entertain.

There is ample free parking adjacent to the site on airport road. Admission to the show is \$1.50 for adults and 50 cents for children. Members of the Haliburton and Minden ladies softball teams will assist organizers with parking and admission sales, and part of the entry fee will be given to the teams to help defray the costs of uniforms and equipment.

Spectators are urged to come early, enjoy the beef barbeque, and bring lawn chairs.

Property issue

from page 1

At that time, he said, the Soyers Lake property was closer to municipal standards and was therefore declared residential. McKnight said all residents were notified that a new by-law was being formulated. There were open meetings where the change in zoning could have been discussed, he noted.

Council agreed to contact their solicitor regarding the legalities of the sale to Vasey and assured VanKoughnet that an on site inspection of the property would be conducted by the Municipal Law Enforcement Officer.

As of Tuesday, however, Schell had not received any instructions from council regarding the inspection of the lot, although he had been contacted by a representative of the Soyers Lake cottagers.

Spending monitored

from page 1

will present their findings along with their recommendations for improvements to council at a later date.

Workers have stripped off layers of paint to restore this ticket window to its original condition. The hand directed customers to the express and freight area.

Kinmount station reopen, future use to be decided

By ELIZABETH CHURCH
Staff Reporter

After falling into disuse for approximately 10 years, Kinmount's railway station has received a facelift and a new lease on life. The station, built in 1895 to replace the original depot constructed in 1876, was abandoned when the railway line through the town was closed. Last year, however, the Township of Somerville pur-

chased the building for a dollar from the Canadian National Railways and embarked on a plan to restore the station to its original condition.

The first stage of this project is now complete. The occasion was marked last Saturday with an open house at the station hosted by Kinmount's Civic Action Association. Pictures and records from the community's past were on display and a collection of station models was also featured.

The initial work on the station has taken a year and a half to complete and has cost the Township \$3,000. Paint has been stripped from the walls, ceilings and floors of the

waiting room and offices of the station and oak counter tops and window ledges have been revealed. Bryce Young, Deputy Reeve of Somerville, points out that although the station had begun to deteriorate after 10 years of neglect, the structure of the building was still very good. There was really little damage done, he says, referring to the time when the station was not in use. "There was no

evidence of vandalism and not a single window was broken," he adds.

The second stage of the project which will include the restoration of the storage and baggage areas and the construction of a boardwalk along the front of the building, will begin when additional funds are available. As yet, no definite plans have been made as to how the restored station will be used. It is possible the building will be used as a retail outlet for arts and crafts. There are also plans to use the facilities as a museum which would house artifacts from Kinmount's early logging industry.

Somerville Township unveils plan to restore Kinmount mill

By ELIZABETH CHURCH
Staff Reporter

Somerville Township has unveiled a \$311,000 plan to restore the Austin sawmill in Kinmount and to develop the surrounding area along the Burnt River as parkland. The plan, which has been presented to the provincial government for consideration, calls for the creation of six to seven acres of parkland to be used for camping, picnicking and swimming, as well as extensive improvements to the water powered sawmill to make it fully operational once again.

The sawmill, built in the late 1880's, is one of the last remaining mills of its kind in Ontario. Presently, the mill is owned by the Austin family who operate it on a limited basis. The Austins have offered to sell the mill property to the Township at a cost of \$25,000 and to donate the mill and its machinery, valued at \$10,000, provided that Somerville buys the surrounding land. In addition to the cost of purchasing the property, \$208,000 is required for labour, parts and building materials to restore the mill to working order while an estimated \$78,000 is needed for landscaping, fencing and labour cost involved in the construction of the park.

The Kinmount railway station, which has just undergone renovations, would also be incorporated

into the development and would be used to sell crafts or as a logging museum. In addition, the base of the station's water tower could be used as the foundation for a tourist information centre or a food service.

Once restored, the sawmill would be used to demonstrate the operation of a water powered mill. The mill would operate on specific days of the week during the peak tourist season and would be able to accommodate group tours at certain times each day. The report notes that in the past, schools from across the province have arranged tours to the facility and predicts that groups of seniors would also be interested in visiting the restored sawmill.

As well as attracting more tourists to the region, the sawmill is also expected to be self-supporting through the sale of its end products and through the collection of admission fees. The plan notes that Victoria County Forest, which contains 1100 acres of red pine and spruce trees, is located a short distance from the mill. Trees removed from the forest by the Ministry of Natural Resources as part of its thinning operations in the forest could, the report suggests, be cut into lumber at the mill and sold at market prices. Since thinning of the forest is expected to continue for 40 to 50 years, the mill would have access to a long term supply of raw materials with few transportation

costs. Construction of the proposed development would employ one supervisor as well as a number of additional labourers. The report estimates that a crew of 10, including a supervisor, would be required to operate the mill. The plan also states that an additional six people will be required, especially in the summer months, to act as tour guides and to maintain the park area.

The area along the Burnt River affected by the plan has also been singled out in a report conducted by the Ministry of Industry and Tourism as a potential site for the development of a significant tourist attraction. Representatives from Canada Manpower and from the Ministry of Natural Resources have also expressed their support for the proposed undertaking. Locally, the County Councils of Haliburton and Peterborough, as well as Victoria County Council, have all indicated that they are in favour of the Township's plans.

Bryce Young, Deputy Reeve for Somerville Township, noted that it has been difficult to co-ordinate the project because of the number of ministries involved. Nevertheless, Young is optimistic that financial support for the project will be obtained and that work will begin perhaps as early as next year on the mill and the land that surrounds it.

The south side of Kinmount Station was the first glimpse of the town for many railway passengers.

Following a year and a half of preparations, the station is once again ready to welcome visitors.

Misunderstood

The Haliburton Highlands Guild of Fine Arts suffers from a curious dichotomy: it is one of the best known but least understood organizations in Haliburton County. And despite ongoing efforts by Guild members to make the public aware of what the Guild is and what it does, there are still many people who believe that the Guild is elitist and aloof. That perception must change.

For years, the Guild has been working to promote artistic accomplishment in many forms. The Haliburton School of Fine Arts, one of the best schools of its type in Canada, is a direct outgrowth of the co operation that has long existed between the Guild and Sir Sandford Fleming College. The annual summer exhibition and sale of arts and crafts attracts people from a wide area. The Rails' End Gallery in Haliburton is a project that would not have been possible without the commitment of countless Guild members. Its ongoing success is a direct result of the leadership and administrative ability provided by a gallery committee operating under the umbrella of the Guild of Fine Arts.

These are the most obvious examples of the Guild's contribution to the community, but there are many others. Dozens of people have discovered and nurtured their artistic talents through Guild sponsored workshops. Children in area schools have been encouraged to take art courses through Guild scholarships to the Haliburton summer school. The concert series which is an outgrowth of the Guild has brought many talented musicians and performers to the area, giving local people a closer link with culture.

All of these activities have been made possible because local people have given generous portions of their time and energy to keep the Guild vital. And not all of those who serve on the Guild's board of directors, or its many committees, are artists or craftspeople. Many of them are merchants and professional people who believe that Haliburton County does not have to take a back seat to other areas just because the county is geographically disadvantaged.

The Guild's existence will always be a difficult one, partly because cultural and artistic pursuits in Canada have long been underfunded. But with the support of the community, the Guild will continue to play an important, if unsung role, in the life of Haliburton County. May it continue to thrive.

Cooperation

If there are times when relations among local municipalities are characterized by petty wrangling, there are also times when local municipalities work together for the common good. One example of that co operative spirit is the senior citizens housing project which is presently being constructed in Minden. The 22 unit building is a joint venture of Anson, Hindon and Minden, Lutterworth and Stanhope Townships. Its existence is a testament to the hard work, careful planning and perseverance of councillors, staff and interested citizens in each of the municipalities. By agreeing to work together, and by doing so effectively, members of the Staanworth Housing Committee have performed a valuable service for senior citizens in the three municipalities. Long after the members of the present committee have moved on to other tasks, the housing project will be meeting local needs.

The Staanworth committee has accomplished a challenging task, and in so doing, has made Haliburton County a better place. For that they deserve the community's thanks.

Should United Church ordain homosexuals?

By REV. JOHN JAMES

Should the United Church of Canada ordain persons of homosexual orientation? The General Council of the United Church will answer that question this August. A report from within the church as recommended that the church should ordain practising homosexuals. Vigorous debate has erupted across the United Church over this issue.

What should the United Church say? What should the United Church do?

I believe that our church needs to take two stances; one in regard to the ordination question, the other in regard to the more general issue of homosexuality.

Ordination

The principal recommendation of the Task Force report is that "in and of itself, sexual orientation should not be a factor determining membership in the Order of Ministry of the United Church of Canada."

The key is that word orientation. Biblically, homosexual feelings or inclinations are not wrong, in and of themselves. So I have no problems in principle with ordaining a person whose sexual orientation is homosexual. That's what we do now. But, at the present time we expect an unmarried person to remain celibate.

However, sexual behaviour is a problem. I believe that the scriptures are clear that homosexual practice is wrong. Any genital sexual expression outside of marriage is wrong. That includes heterosexual acts. I would also be against the ordination of a single heterosexual person who wanted to practise his/her heterosexuality while he/she was ordained. One of the grave dangers that the authors of this report do not deal with is this question - if the United Church of Canada ordains homosexuals who will be involved in sexual acts, logically, how could we turn down a heterosexual who wanted to engage in sexual acts, for example, in a common law marriage?

Sexual orientation is not a barrier to ordination, but sexual behaviour is. In my opinion, any single person, heterosexual or homosexual in orientation, who is willing to live a celibate life, is a worthy candidate for ordination. However, prac-

tising, self-declared homosexuals should be refused ordination.

Homosexuality

The Task Force report identified six positions within the United Church that people take on the question of ordaining self-declared homosexuals, ranging from "No, never" to "Yes, now". The position that I personally hold is the "Yes, celibate" position. Concerning this position the Task Group said "Some members of the church would regard this as an acceptable 'compromise' position because...it accepts homosexual persons, without endorsing the sexual activity of gays and lesbians."

I believe that in the United Church, even as we say 'No' to the ordination of self-declared gays and lesbians, we still need to accept homosexual Christians as our brothers and sisters in Christ. We also need to accept homosexual people as people of value and worth. One good thing about the Report is that identifies homophobia as a problem in our church and society. According to the report, homophobia is "the persistent fear of homosexuality which leads to dislike or hatred of homosexual persons."

We have a natural suspicion of people who are different. Whites are suspicious of blacks, capitalists of communists, westerners of easterners, and heterosexuals of homosexuals.

Some years ago I worked part time on the Pastoral Care Team at a Psychiatric hospital. While working there a nurse whom I had known as a sensitive caring staff member approached me for a private interview. She had become involved in a lesbian relationship. Her parents had discovered this and communication had stopped between them. I was involved in bridging the gap. That experience helped to eliminate my homophobia because before I knew this person was homosexual I had known her first as an excellent nurse.

As I reflect on that experience, I am helped by these words of the late Rev. David Watson from York, England. "We need to love and accept homosexual people as people, each one of infinite value to a Creator God, each one through Christ a potential member of God's eternal family."

Feir Play

Creighton Feir

For the past few weeks it seems that nearly everyone has been talking about the retirement of J. Douglas Hodgson from the position as Director of Education which took effect on June 30. Now that everyone has had their say I'll now take this opportunity to have mine. Doug and I are about the same age, give or take a few days, and this means that we attended school together, played hockey together and went out and had some good times together. He told me in school one day that things didn't come easy with him, but I found him to be a hard worker, and he had to study hour after hour to attain his goal in life and in education. It was an honour for me recently when I was invited to attend his retirement party which was held at the Royal Canadian Legion in Haliburton. As I sat there during the evening listening to various people compliment him on his achievements and on the excellent job he did in education up through the years I couldn't help but recall the past and the things I remembered about him, and the good times we had together. Time and space just don't allow me to list everything that went through my head that evening but I will pass on to you a few that stand out in my memory.

When we were boys (and that wasn't yesterday) I recall the time that a few of the boys known as the City Bugs formed a hockey team and played their home games in front of the town dock on Head Lake while their opponents from Ashburnham played their home games down in the gully at the Victoria Street School. The Drag River separated the City Bugs from the boys from Ashburnham. The games were hotly contested and at times some bad feelings developed with the boys from both sides. Having lived close to the main street, I played for the City Bugs while Doug, who lived near the Victoria Street School, played for Ashburnham. I recall talking to Doug in his office a couple of years ago and we were recalling some of the events of the good old days and he happened to mention the time when we were going to high school (where Sir Sandford Fleming Campus is now located) and we asked to get off school one Friday afternoon an hour early to go to Sutton to play hockey and the teacher at the time let us go but not without an argument. Doug, who always has a great sense of humour, remarked on how times have changed. He said that in this day and age one bus is just pulling in from Detroit when another group are boarding a bus to Los Angeles. Doug has not only been an old school mate of mine but a good friend up through the years and one of the things I admire about him is his great sense of humour. There are times that he breaks me up with laughter. Doug, in my opinion, and the opinion of many others, has done an outstanding job as Director of Education in Haliburton County and I want to take this opportunity to wish him and Barb many years of good health and happiness in your retirement years ahead.

Hust a reminder here that the Haliburton Highlands Guild of Fine Arts will be holding their annual Summer Exhibition and Sale at the J. Douglas Hodgson Elementary School from July 6 and will run through until July 21. This marks the 23rd annual sale with opening night this Friday, July 6 at 7:30. Entertainment at the opening will be supplied by the Guild Choir.

Last Thursday I had the opportunity of attending the grand opening of the Eagle Lake Foodtown Market. I was present for the ribbon cutting ceremony and the opening speeches and was delighted to see such a large crowd on hand for the opening day ceremonies. The owner, Allan Bagg is to be commended for his efforts in giving the village of Eagle Lake and surrounding area a first class place to shop. Through the past few years with a steady growth in business Allan could see the need for an addition that would give the customers a newer and larger shopping facility. I was very fascinated with the new store and I think you will be when you first have a glance at the new store. My best wishes go out to Allan, his wife Eleanor and their family for many more years of success with their business enterprise. I have known Allan personally ever since he came back to buy the business in Eagle Lake, having been in Rotary with him ever since that time. I have found him to be a solid citizen not only of the community of Eagle Lake but of the entire area. He has always been an active member of the Rotary Club of Haliburton and although he has been kept busy with his business and with the events in Eagle Lake he always finds time to play a big part in the community affairs in Haliburton. Every community would be that much richer if they all had business people like Allan Bagg.

At a recent meeting of the Rotary Club of Haliburton, Frank Wallace, Dr. Karl Hartwick and Godfrey Tyler brought the members up to date on the efforts to retain the Kanawa International Canoe Museum in Haliburton County. Frank, chairman of the committee which selected Glebe Park in Haliburton as the most appropriate site over the Frost Centre and one in Minden, explained a number of surprises which he and his committee encountered on their selection process. Frank feels that this site is now the leading contender for the museum but is up against some stiff competition from various centres in Ontario. The general consensus of the Rotary Club of Haliburton is that they are behind the committee 100%.

Prentice, Vina (Grey) Prentice, Jessie (Prentice) Parker, Florence, wife of John Prentice, James Parker. Our thanks to Mrs. Ross Harrison of Carnarvon, Ontario for submitting this photo.

Question

By CATHERINE DENHOLM

If women are independent is family life better?

Out of the women's movement came the realization that wives did not have to be mothers to their husbands - only mothers to offspring. Then, even better, a husband was not a father figure taking command of the family. At last wife and husband were equal partners in a marriage for better or worse.

At first the changes seemed all in favour of the wife. She received extra help with the children. She was able, if she wished, to have a career outside the home and the housework was shared. At each step she had more time for the things she wanted to do and the husband had less.

Decisions of financing, family plans and vacations which were made to accommodate the

husband were now made to fit the entire family. She had free evenings while he baby-sat. Things had turned around - the husband seemed to be the loser until he realized he did not have to carry that heavy financial burden alone if his wife had a job. He could change jobs if he wished and her salary would tide them over. If his wife chose to stay at home with the children his extra help gave her the freedom she needed to be a better wife and mother. The children began to depend upon their father for love, they began to tell him of their plans, ideas, hopes, and fears as they had previously only done to their mother. His family ties became stronger - his financial worries became less. He saw himself as a better father and husband than those of a generation ago.

Does it work this way? Do independent people make better partners and parents?

From the Chamber

Herbert Shorter of 55 Oriole Court, Oshawa has presented the Haliburton Highlands Chamber of Commerce with two mounted fish that his father Herb Shorter caught in the Gull River in 1973.

The fish are beautifully mounted and can be seen at the Chamber office together with a picture of Mr. Shorter proudly displaying his catch.

In my view...

from page 4

Accepting an individual is not necessarily the same as approving his or her lifestyle and behaviour. There are many factors in each one of us that God may want to change or control. At the same time, God loves us just as we are, and calls us to do the same towards one another. Instead of the false but common assumption, Homosexual = Immoral = Undesirable, a more constructive Christian attitude should be, Homosexual = Person = Qualifying for Love."

This, I believe, should not only be a 'Christian attitude' but is a worthy attitude for all people.

Queen's Park Report

The Ontario Legislature has now recessed for the summer. Over a period of more than 14 weeks -- 322 hours of debate -- the Assembly has passed some 41 pieces of legislation. Opposition critics charge that matters of substance weren't given the priority they deserved, and that from a legislative point of view, it was the most unproductive session in our history. Liberal House Leader Robert Nixon commented, "I've been here 22 years and I can't recall a time when less public business was brought before the House."

Unfinished Business

Business left unfinished includes proposed changes to the Theatres Act which would give the Ontario Censor Board authority over videos and license distributors of tapes.

In addition, left in abeyance is a new Child Welfare Act which could enunciate the rights of children and the responsibilities of people who care for them. Over the summer months the proposal will be examined by an all-party committee of Members.

Amendments to the Workers' Compensation Act intended to improve the situation for injured workers will also be examined in committee.

Nursing Home Beds

The Minister of Health has stated that hospital user fees for chronic care patients waiting for beds in nursing homes are "unacceptable" and won't be tolerated. He has been strongly criticized by Opposition Members for failing to ban such fees prior to the question being raised in the Legislature. Apparently his Ministry knew about the charges being levied by several provincial hospitals as long ago as February, and no action was taken against the fees. The Minister maintained that he only learned of the practice about six weeks ago.

Barrie/Vespra

The provincial government called a halt to a "filibuster" blocking passage of an annexation bill involving the City of Barrie and Vespra Township. It had been hoped that the government would back off on its plans to force the annexation of some 810 hectares (2,000 acres) of Vespra land by Barrie, permitting the two parties to negotiate a settlement. The Township of Vespra opposes the annexation and for a decade has fought off overtures from Barrie for the area which includes commercial development.

Report from Parliament

By Bill Scott M.P.

The spring session of Parliament has come to an end. A number of pieces of legislation were rushed through at the last minute.

Bill C-9, The Canadian Security Intelligence Service Act, was passed at second reading when the government forced closure on the Bill on June 20. The House sat overnight and voted on over 175 amendments. The NDP Party requested a recorded vote on each single amendment which meant we left the House at sunrise. The Bill will establish a civilian security agency separate from the RCMP.

As the session ended, we experienced a new round of attack on the Canadian dollar. Never before in our history has the dollar dropped below the 76 cents mark in relation to the U.S. dollar. This has caused another wave of increases to bank interest rates. It appears at this time that there could be further increases over the summer as the government is forced to defend the dollar. This points out the need for a new interest rate policy which is more dependent upon the state of the Canadian economy and less on that of other countries. This cannot be done by a government who has been committed to a high interest rate policy for the last four years and now proposes to increase our deficit to support the bankrupt Sports Pool.

On a more positive note, I want to extend my

congratulations to Norah Good on her achievements at the International Games for the Disabled in Uniondale, N.Y. at the end of June. Norah was selected to the Canadian team and has brought Canada, Haliburton and her parents honour by her performance at these Games. She began by shattering the world record for 3000 metres by over 14 seconds and came second in the 1500 metres event. The Ottawa papers claimed her as Ottawa's own. I want to go on record as correcting them, as I know Norah's heart is still in Haliburton and we are very proud of her accomplishments.

During the summer, I will be spending time in the constituency. I look forward to meeting many of you at functions and I remind you that my offices are available to you at all times whether or not an election is called. I hope you have a very pleasant summer.

Teams battle for prize West Guilford boys finish in second place

Fastball teams from 11 communities spent the Canada Day weekend in Haliburton and West Guilford vying for championship honours and \$1500 in prize money.

A local all star team known as the West Guilford Boys were the favourites among local fans and came out with the B championship of the double elimination tournament, winning \$500.

Top team of the weekend was Port Perry, who went undefeated and won the top prize of \$1000.

Action got underway Friday night when Guilford met Minden. The Minden team proved too powerful for the Guilford boys, handing them a 14-0 defeat.

On Saturday the tournament got into full swing, with games played in Haliburton and West Guilford throughout the day.

At the Haliburton diamond, the Cavaliers battled Greenbank in the opening game and won a 1-0 squeaker.

Game two of the day saw Minden go down to defeat

7-0 at the bats of Orchard Park.

New Royal Beaches and the Cavaliers were the next teams to take to the field, and once again the action was intense, as the Beaches team held the Cavaliers off the board and earned a 1-0 victory.

Home runs were flying out of the park in rapid succession when Sutton took on Type-Hi Printing. The Sutton team hammered out 15 runs while allowing only three across the plate themselves.

Hi Printing 6-0, the Guilford Boys defeated Greenbanks 3-0, Guilford took Grecian Gardens 8-2, and Port Perry won over Whitby Legionnaires 4-1.

Sunday's schedule began with Orchard Park and Whitby meeting in a close match that Orchard Park won by a single run, 4-3.

Port Perry took on the Royals next, and handed them a 4-3 defeat.

The Royals then met Sutton, and the final score was 5-1 in favour of the Royals.

Set for the pitch

Minden eliminated by Cavaliers in 2-1 game

Minden was eliminated from the tournament on Saturday afternoon when they took on the Cavaliers and lost by a single run. Final score in the game was 2-1 for the Cavaliers.

New Royal Beaches continued their winning effort with a closely played 3-2 victory over Orchard Park.

And in the final game Saturday in Haliburton, Sutton blasted the Cavaliers 9-0.

In West Guilford on Saturday, Type-Hi Printing overwhelmed Grecian Gardens 13-6, Port Perry defeated Sutton 1-0, Whitby took Type

The Guilford Boys continued their winning ways in a match with Orchard Park on Sunday, coming out on top of a 4-2 score.

That set the stage for the championship game in which Guilford scored two runs while holding Sutton scoreless to earn the \$500 prize.

Guilford then went on to face Port Perry for the overall championship, but since it was their third game in a row, the local boys had trouble putting together an effective offense, and lost 5-0. Port Perry earned first place money of \$1000.

Waiting at first

Kinsmen unbeaten in week

Haliburton Kinsmen were the team of the week in local men's fastball action, as they defeated Curry Motors by one run on Tuesday night and outpointed Haliburton Lumber 3-1 on Thursday.

Curry Motors lost both their outings, going down to defeat 5-4 to Beachli Construction on Thursday.

Beachli and Haliburton Lumber finished the week with a win and a loss.

The Kinsmen got off to a quick start in Tuesday night's opener, as Vince Duchene singled and then was driven across to score on a double by Barry Shaw.

Curry Motors trailed until the top of the fourth when Wade Stamp hammered out a home run to tie the score at one apiece.

In the bottom of the sixth, Barry Shaw led off with a double for the Kinsmen, then advanced to third on a steal. Roy Scott then notched a single to bring Shaw across, giving the Kinsmen a 2-1 lead that Curry Motors failed to alter in the top of the seventh.

Lumbermen 4, Beachli 3
Haliburton Lumber and Beachli Construction squared off in what proved to

Three games won with single run

from page 6

be a close contest in Tuesday night's second game.

Neither team got on the board in the first two innings. In the top of the third, however, Roy Hewitt got a free trip to first after being hit by a pitch, Darrell Stamp doubled, and Mark Schell singled, allowing Hewitt to score.

Haliburton Lumber replied in the bottom of the fourth inning as Dave Nicholls cracked a bases empty home run to tie the score at one apiece.

The builders broke the deadlock in the top of the sixth and were threatening to take command before some

point win.

The Motormen got on the board in the bottom of the first as Barry Boice scored after a triple and help from Wade Stamp.

They added another in the bottom of the second when Sid Cooper hit a single and advanced on subsequent hits.

The advantage held until the top of the fourth, when Roy Hewitt, Tony Salvatori and Peter Fearrey each came across for the Beachli builders to give them a 3-2 lead.

In the bottom of the fourth the motormen added another when Mike Fearrey made it home to tie the score at three.

Beachli edges Lumbermen 4-3

good fielding saved the match for the Lumbermen. The rally began when Mike MacNaull was hit by a pitch and walked to first. Kevin Finch then connected for a double that scored MacNaull. Kelly Mitchell followed up with a double to score Finch, and the builders were leading 3-1. But Mitchell was thrown out on his way to third, and subsequent singles by Bob Johnston and Roy Hewitt failed to produce runs, leaving the Lumbermen with a reasonable hope of catching up.

In the bottom of the sixth they did exactly that. An error by the Beachli shortstop put Dan Mawby on safely, then Dave Nicholls got his second homer of the night to bring Mawby across and tie the score.

Beachli failed to score in the top of the seventh.

In the bottom of the seventh, Rob Dennys connected for a one out triple, then scored on an error at first base to give the Lumbermen a 4-3 victory.

Beachli 5, Curry Motors 4
On Thursday, Beachli Construction battled hard with Curry Motors for a one

Beachli failed to score in the top of the fifth, and slipped a run behind in the bottom of the inning as Earl Bull scored after a double.

In the top of the seventh, however, the builders rallied for two runs. Bob Johnston hit a triple, then scored off a hit by Mike MacNaull. Mark Schell then notched an RBI to bring MacNaull across and give the builders a 5-4 lead.

It was three up, three down for Curry Motors in the bottom of the seventh, leaving them a run behind.

Kinsmen 3, Haliburton Lumber 1

In the final game Thursday night, Haliburton Kinsmen moved into a first inning lead over Haliburton Lumber as Brian Mulholland hit a single and Barry Shaw drove out a homer to score two.

Haliburton Lumber narrowed the gap to one run in the bottom of the fourth as Bernie Nicholls crossed the plate after a walk and a stolen base, but it was all the team could manage.

Barry Shaw's home run in the top of the seventh gave the Kinsmen a 3-1 lead and their second win of the week.

The Royals' infield is ready

Annual reunion is a family tradition

By MURIEL HARRISON

On Sunday, June 24 some 63 members of the Prentice family met at Carnarvon for the annual reunion for what has become a Prentice family tradition lasting almost 50 years.

All were descendants of the late John and Christena Prentice who emigrated from their native Scotland to pioneer in Canada in the year 1856.

Of the 11 children in the

family, descendants from seven of them were represented at the gathering. It was a 'get acquainted' occasion also, as several of those from British Columbia, Oregon, Ohio and Georgia had never before met their Ontario cousins.

Family photos were passed among the guests as former family gatherings were recalled. It was a time of remembering many happy times shared with those who are no longer alive.

Magistrate J. Leslie Prentice was recognized as the eldest member present. He is 98 years young. The youngest member was the four month old son of Richard and Beverley (Prentice) Kinsman, Andrew Nicholas.

All in all it was a happy occasion and an opportunity for family members to once again recall the heritage left to them by their forefathers.

RASPBERRIES LATER

Trent Severn News

On June 25 the water in storage on the Haliburton Lakes of the Trent-Severn Waterway averaged 93.6%. This was about 0.5% higher than one year ago and 4% above the 10-year average for the date. A decline of 2.2% had occurred over the preceding week, despite a modest rain in most areas on the 24th.

On Wednesday, June 27, up to another 25 mm of rain fell in Haliburton County with a good effect on the

storage. Further south on the Kawartha a small surplus was created and is being held to delay heavier drawing of reservoir water when conditions turn drier. The long weekend of July 1 is forecast to be dry, but really large evaporative losses are unlikely, due to the cooler than average temperatures.

The near average weather conditions are resulting in quite stable water levels and not requiring drastic flow changes at the present time.

Glamorgan council minutes

A regular meeting of the Glamorgan Township council was held in council chambers on Wednesday, June 6.

The following accounts were approved for payment: General Voucher of \$20, 156.38; Road Voucher of \$9,617.51; Recreation Committee Voucher of \$503.76; O.H.R.P. Voucher of \$3, 982.90; and Welfare Payroll of \$2,166.57.

Applications for closing the original allowance for road between 2 part of Lots 25 and 26, Con. 7 will not be accepted and the deposits will be returned.

A. Cochrane with regard to By-law 83-11 will be forwarded to the Ontario Municipal Board and approval of the by-law without hearing will be requested.

The amendment to the Application for Rezoning RZ83-2 as stated in correspondence from the applicant dated May 29, 1984, was accepted for the rezoning of Parts 1, 2, and 3, Plan 19R-2064.

The Ministry of Tourism and Recreation was advised that the Township of Glamorgan supports the concept of a linked track-set ski trail

THE HALIBURTON COUNTY ECHO AND MINDEN RECORDER

Northern Lights

By VIRGINIA MUENZEL

Come away with me Monet...In my merry Chevrolet.

Sorry about that. The only other jingle I could remember was Dinah Shore's "See the U.S.A. in your Chevrolet", and I didn't think that would do. Anyway, this little saga is about my husband's Chevy Nova. If you live in town, you must have seen it buzzing around here and there. No one could miss the fire engine red auto he drives. It's what they, in the car business, call a "real cream puff." You know, one of those vehicles that was previously owned by a little old lady from Pasadena who only drove it on Sundays. Actually, we got it from Ed's mom, who never lived in Pasadena, and would bop me if I called her a "little old lady". But she did only drive it about once a week.

We took the car off her hands several years ago, when she was having a great deal of trouble with her arthritis. It wasn't that there was anything wrong with her driving. The problem was, her knees were so weak, that she's get out of the car, and fall down. After the second broken hip, we convinced her that we'd rather driver her where she had to go than see her in all that pain. Consequently, we got the car, and it was a working arrangement, until we moved. But now she's in a senior citizen's apartment, and within walking distance to all the stores. Her knees have both been reconstructed, and, except for some bad days, she's still pretty independent.

To get back to the Chevy, it is now going into its twentieth year. When I first began driving it, young men would drive up beside me and honk their horns. The first time, I thought, "Wow, I've still got it!" But when the guy pulled along side of me, he wanted to know if I was interested in selling my nifty car. My sagging ego replied, "The car is a classic, and I don't think you could afford it."

That, of course, was about seven years ago. Now, unfortunately, she's like an aging actress, who needs to see a plastic surgeon really badly, or a former duchess, who has fallen on hard times,

Home Support News

By DONNA BAILEY

June 22 was a very busy day here at Home Support. At 10 a.m. 30 volunteers including Executive, Directors, Convenors, Senior Volunteers in Service and interested Seniors gathered to attend a general meeting in our Drop-In Centre.

You may be interested to know that the Meals on Wheels program served 335 meals and the Wheels to Meals served 250 meals in the month of May alone. Thank you so much convenors and volunteers. You are doing a super job.

Six persons from Haliburton Home Support attended an educational workshop in Peterborough on "How to organize your community to provide home support services". Members of the Institute of Cultural Affairs manned the all day workshop which was sponsored by the Ministry of Community and Social Services. Haliburton County Home Support Services is always made to feel very welcomed and introduced as one of the leaders in the field of home support services.

The District Health Council meet here with representatives from various health-oriented services (four representatives from Home Support) to discuss what is available in our area and to make all aware of them plus the direction the future should take in the way of

Canada Day:

Guilford marks the nation's birthday with a day of activities for all ages

Warm weather and sunny skies, along with the hard work of local organizers, combined last Sunday to make Canada Day celebrations at West Guilford a success. Although the events at West Guilford faced competition this year from activities in Minden and from a local baseball tournament, attendance and enthusiasm remained high.

While fun and enjoyment was the emphasis of the day, activities opened on a more serious note with the presentation of the Canada Day Citizens Award to the family of the late Harry Horsley. Horsley was remembered for his work on the last school house in West Guilford, now used as a community centre, and for his contributions to the community as a whole. Two young members of the community were also honoured during the opening ceremonies. Jean Morrison and Craig Bain were chosen to raise the flag as a result of their contributions to local activities over the past year. In addition, a composition by 11 year old Angela Cowan was picked as the winner of the Canada Day poem contest. Cowan also received the award last year.

Throughout the remainder of the day, a wide range of activities and competitions were held. Among the most rigorous events of the day were

the Pine Lake Swim and the Green Lake Run. The run, which follows a course around the lake, was won by John Gibb who finished in 37 minutes. Second place was taken by Cam Woodgate who ran the route in 41 minutes, while Larry Brocklebank finished third with a time of 48 minutes.

First prize in the Pine Lake Swim was captured by Rob Kozak who reached the shore in 20 minutes. His sister, Rhoda Kozak, took the second spot with a time of 24 minutes, and Shelly Elvinas finished a close third, completing the swim in 25 minutes. The winner of the swim was presented with the Ken Sheppard Memorial Trophy. The Kozaks donated the prize money they received to the community centre building fund in order to retain their amateur status.

The annual horseshoe tournament attracted a large number of participants, but the combination of Roger Bain and Denise Fagan managed to beat the competition and capture first prize, the Clarence Bain Memorial Trophy. Competition was also close in the cross cut saw contest. Although last year's competition was called off due to technical difficulties, this year the event went off without a hitch. Burt Cowan and Emile Duchene

joined up to form the winning team in this event. In addition to cutting logs, a log species identification contest also took place. Entrants were asked to indicate the species of 23 cross sections of logs. The winner in the children's category was Mark Stamp, who correctly named 20 species, while Wes Stata finished first among the adult contestants, identifying 17 correctly.

For those with a mind for facts and a memory for Canadian history, a contest on Canadian Trivia was also held. Cathy Gill received first prize for her knowledge of the country, while Jean Morrison took second and Stephanie Bain came in third.

For those whose minds were on tastier things, a pie baking contest was held. Elsie Henderson took first prize for her delicious creation, while Robin Woodcock received second and Merrie Barry took third spot. The real winners in this contest,

however, were Ron Stackhouse, Percy Drysdale and Wim Magee, who acted as judges for the competition.

Special prizes were also given to Percy Drysdale, the oldest man at the celebration, and to Blanche Linton who was the oldest woman present. On the other extreme, Aaron Galbraith was awarded the prize for the youngest boy, while Alana Woodcock was named the youngest girl. Carrie and Percy Drysdale also received an award as the grandparents with the most descendants.

The day's events ended with a parent and child baseball game, followed by an amateur contest in which young, local talent had an opportunity to perform. Donnalee Upton took first prize in the competition. Melany Duchene came in second and Angela Cowan captured third spot.

A fireworks display brought the festivities to a close and marked the end of another successful Canada Day for the residents of West Guilford.

It was a proud day for Allan Bagg, his family and staff last Thursday when an attractive new grocery store to be known as Eagle Lake Food Town was officially opened by Dysart et al councillor Glen Hodgson. The

new building stands beside Eagle Lake Store, which is also owned and operated by the Baggs. Eagle Lake Food Town will operate under the IGA banner.

from page 8

health care in our area. Betty Salvatori, a representative from the Guild of Fine Arts Concert Series, spoke to us concerning the forthcoming concerts to be held in Haliburton. It is imperative to sell at least 300 season tickets at \$20.00 for three concerts by the end of the summer to guarantee the artists' appearance. For more information contact Betty at 457-1046 or Marilyn Stouffer at 489-2395.

A boat trip is tentatively planned for sometime in September to the 30,000 islands in Midland. More details will follow.

Our next general meeting will be held on September 21 at which time we will have as our guest speaker Sharon Chapman-Sheehan, programmer hired by the Peterborough Family Counselling Service to counsel seniors and their families on problems related to aging. More details concerning our annual meeting will follow.

After our meeting the grand opening of the Drop-In

Centre took place with a large number of dignitaries and seniors in attendance. More details are in the Drop-In Centre news article. Last Tuesday the Wheels to Meals at the Wagon Wheel Motel in Minden celebrated their three year anniversary of consecutively serving the area with their delicious food and generous hospitality. A

special plaque was presented to the owners on this occasion. Some 67 people attended this celebration. Thank you, Mr. and Mrs. Foster and son, Gary, so much for your generosity to us. This special celebration was very well organized thanks to two hard working ladies: Gloria Lemieux and Georgina Deeks. Remember their next

Wheels to Meals will be held every other Tuesday all summer - next on July 11. Call Gloria Lemieux at 286-1139 for reservations.

If we can be any help to you drop into our office at the Drag River Municipal building located opposite Emerson Lumber or call us at 457-2941.

Drop in Centre

By ANNA NICHOL

The grand opening of the Drop-In Centre on June 22 was a memorable day for all who took part in the festivities. Merry music began the ceremonies, selected by Bruce and Marion Henry. It was played on a sound system supplied by Halco Audio-Visual.

Various types of fruit punches and coffee were enjoyed by the interested citizens who brought their picnic lunches. A beautiful and

delicious cake commemorating the Grand Opening was served after the ribbon-cutting. Master of Ceremonies, Vicki Agnew, first vice-president of Haliburton County Home Support Services, welcomed the dignitaries and guests. Jim Ross, chairman

of the Drop-In Centre Committee, gave a brief introduction of the committee members and their goals of the Drop-In Centre.

Marlis Lindsay, the representative from New Horizons Program (Health and Welfare Canada); Murray Fear-

PUBLIC MEETING NOTICE
Muskoka River System
Water Management Improvement Study

Under the Canada/Ontario Flood Damage Reduction Program, a comprehensive "Water Management Study of the Muskoka River System" was initiated in 1983 by the Ministry of Natural Resources and Environment Canada with the involvement of the consulting firm MacLaren Plansarch Inc.

The main purpose of the study is to identify the requirements of the competing user groups considering current operating restrictions and to develop a general water management strategy that will achieve community acceptance. The intent is to provide a general planning framework for future action to be taken and to identify operating and structural improvements that could be implemented on a priority basis.

Investigations of the study have now been completed and preliminary recommendations are available for public review. As part of the public participation program, the following three meetings will be held to outline the study findings and to obtain comments from residents within the watershed.

MEETING 1
Date: June 30, 1984
Place: Port Carling Arena
Time: 10-12 noon

MEETING 2
Date: July 04, 1984
Place: Dorset Community Centre
Time: 7:30 - 9:30 p.m.

MEETING 3
Date: July 07, 1984
Place: Canadian Legion
36 West Street South
Huntsville
Time: 10-12 noon

The Study Team requests your attendance at the Public Meetings which have been organized to obtain maximum input to the study from the general public. Your involvement in this important water management study of the Muskoka River System will ensure that final recommendations take all watershed interests into account.

Information material will be available at the meeting.

INVITATION TO PARTICIPATE IN PROVINCIAL PARK PLANNING

The public is invited to review and comment on a future management plan for Balsam Lake Provincial Park. This plan, currently being prepared by Ministry of Natural Resources' staff, outlines proposed policies for the recreational use, development and management of the park.

Balsam Lake is located on the west side of Balsam Lake, southwest of Cobocok.

The draft management plan is available for review at the park and the Ministry's Lindsay District Office, from now until September 14.

For more information telephone the park superintendent at Balsam Lake at (705) 454-3324 or the District Manager in the Lindsay District Office at (705) 324-6121.

rey, Dysart et al Reeve; and Bill Scott, Member of Parliament for Victoria-Haliburton gave their speeches of congratulations and best wishes. Bill Scott then presented the Drop-In Centre with a Canadian flag and a portrait of Queen Elizabeth. The ribbon-cutting ceremony was carried out by a proud Bill Scott who officially opened the Centre. An open house followed.

Please remember that during the summer months we are continuing with the card games beginning at 2:00 p.m. Monday - bridge; Tuesday - cribbage; Wednesday - euchre; and on Thursday at 10:00 a.m. shuffleboard and horseshoes are played at Head Lake Park.

Firemen from municipalities across Haliburton County took part in a fire school sponsored by the Ontario Fire Marshall's office last week. Here the firefighters get some instruction in hose handling under the scrutiny of an instructor.

Senior League

By BERT HARRISON

Dear readers, how time does fly. By the time you get this letter we will be in the month of July. Some are on the sick list here, others are just fine. Millie Wood had her daughter with her to dine, and I'm sure there were others who came to visit their sons or mothers.

We would like to say a big thank you to Harold and Ruth Thompson, who do their best every Saturday afternoon to conduct a bible study, here at Hyland Crest. They also take the first part of the chapel service Sunday night. To Rev. Burgess it is a good help. His message this Sunday was taken from Psalms 90, verse 12. "To teach is to number our days, so we may apply our hearts on to wisdom."

Monday we had our last auxilliary meeting of the year, with an pot luck supper to partake and a delicious piece of Mr. and Mrs. Sidney Brown's 40th anniversary cake. Mr. Brown thanked the auxilliary for all their help in the last year. They sure do a lot for all the residents here. Lola Prentice said the

Prentice reunion turned out fine; about 65 guests took part. They had a really nice time.

Pastor Wood and his wife Joyce from Allsaw Pentecostal Church conducted a service in the chapel this lovely fine day. Pastor Wood came to do the speaking. His wife the music to play. He is a dynamic speaker. We enjoyed him very much. His wife on the organ keys really has the touch.

At our auxilliary meeting Monday night, the minutes were read. We thought the

ones conducting it must have level heads.

We watched interesting movies Thursday afternoon, instead of Monday night.

Congratulations we would like to say to Ada Lewis and Ina Maguire, who had birthdays on Wednesday.

I would like to thank the staff of the Haliburton County Echo for the write up of myself. It is nice to know you are doing some good, before you're laid upon the shelf. I would just like to say, "I hope to keep on writing as

THE HALIBURTON COUNTY ECHO AND MINDEN RECORDER

Norland Natter

By KELLY GRAHAM
Well, school is finally out and with its closing comes the barrage of graduation awards and ceremonies. At Norland Public School graduation the following awards were given to the grade 8 students: Tracy Davis, female athlete; Jim Riorden, male athlete; Tammy Bryant, citizenship; Colleen Janke, art; Jim Riorden, French; and Lori-Lynn Liscome, most improved. These awards were given out at the Royal Resort in Rosedale on Wednesday, June 27. The graduates and some of their parents were there that night for a big dinner then an evening of fun, swimming, lying in the sauna, and sitting in the whirlpool.

On Thursday, June 28, the last day of school, there was another ceremony at the community hall in Norland, where the ladies' auxiliary prepared them a luncheon. There they were presented with engraved plaques and a speech was made by Margaret Stewart, school board trustee. The remainder of the day was spent watching movies at the school.

In Coboconk, the graduation ceremony was held at the Coboconk Legion on Tuesday, June 26. The Legion ladies prepared a din-

ner, then the following awards were given: Outstanding effort, Matthew McDonald; Math, Jason Dinwoodie; Athletic, Matthew McDonald; Efficiency, Jason Dinwoodie; Citizenship, Matthew McDonald; French, Tammy Cross (tie); English, Jason Dinwoodie; Golden Ping-Pong Award, Sean Coulten. Speeches were made to the graduates by Dusty Papke (principal) and Noni Campbell (board member). The ceremony was followed by a dance deejayed by John Kennedy.

On the last day of school the morning was a play day with all eight grades participating in sack racing, hula hooping, egg-spoon racing and many other activities. The winning team was presented with silver dollars.

Congratulations to all the graduates from both schools.

The euchre scores for Thursday, June 28 were as follows: ladies' high, Barb Kenneth; men's high, Paul Lightfoot; ladies' low, Alison Dunbar; men's low, Janice Chynoweth (?) and lone hands, Doug Taylor.

Well that's about all I have for this week. Remember if you have some interesting items please give me a call at 454-3707.

The Strawberry Supper held by the Ingoldsby United Church during the Canada Day long weekend attracted many hungry supporters. As well as eating

their fill of berries, guests were given the chance to view and purchase a wide selection of crafts and home baking.

Minden News

By MAIZIE AUSTEN

We would like to thank Mrs. Moore for a job well done, for her time and work getting the County Town Museum ready for the grand opening.

There will be a Fly-in at the Stanhope Airport Sunday, July 8. They will have a display of new and vintage aircraft, home built planes and model airplanes, an air show, parachutists, antique cars and a beef barbecue. This will be fun and excitement for the whole family. There will be radio controlled models, gliders, stunt planes and an aerial display of the Canadian Armed Forces. They will have clowns, bands, craft display and refreshments. It promises to be a fun day for everyone.

The only drawback in being a good sport is that we have to lose proving it.

If you have any news for me to include in my column please call 286-3707. Thank you.

The Haliburton County Farmers Association Monthly meeting will be held Saturday, July 7.

We wish Stuart Brandon a speedy recovery.

There will be movies at the Library/Cultural Centre Friday, July 6 for the children from 7:15 to 8:15. Admission is free.

The drive-in movie Sunday, July 8 at the Allsaw Pentecostal Church on Highway 121 between Minden and Haliburton is entitled "The Gospel Road". It is told and sang by Johnny Cash. Admission is free and the movie begins at dusk.

A beautiful bridal shower was held at St. Paul's Anglican Church Saturday, July 1 in honour of Susan Austen,

who is to be married in August. Susan received many lovely gifts.

Bradley Robinson of Toronto spent the weekend with his parents, Mr. and Mrs. Phil Robinson.

Mr. and Mrs. Phil Robinson and Bradley visited with the Robinson's daughter and son-in-law, Mr. and Mrs. Jack Shaw, where they celebrated their 38th wedding anniversary last weekend. Belated happy anniversary and we hope you have many more.

Mrs. Kin of Minden visited in Ottawa last week. There will be a 'Garrum-

mage' sale at the Agnes Jamieson Gallery Saturday, July 7 from 10 a.m. to 4 p.m. to raise funds for extra activities, especially children's art classes this summer. If you have anything you no longer need and could deliver to the gallery no later than July 4, it would be appreciated (no clothing please).

The St. Paul's Anglican Church ladies group will be having their annual Strawberry Luncheon and Bazaar Saturday, July 14 at 10 a.m. Lunch will be served from 11 a.m. to 2 p.m. \$5 for adults.

Please turn to Page 16

Writers' Corner

Haliburton

It became a settlement in 1864.
Loggers, trappers and settlers came to see what was in store.
The loggers had heard of the forests,
The trappers had heard of the beaver,
The settlers had heard of the land
That held the needs of every man.

Its air is crisp and clear,
Lots of game animals such as deer.
The northwinds are brisk and strong,
Its summers are hot and long.
The maple hardwoods are fat and round,
A few still tower high above the ground.

Nature in Haliburton is a beautiful sight,
The pollution is something we have to fight.

**Harry Hutchings
7C
J.D.H.E.S.**

Haliburton

Haliburton is its name,
It has lots of forests and game.
It belonged to Indians once
Now it's here the white man hunts.

It had miles of fresh clean water
Filled with many fish and otter.
Acid rain's become a pest,
Fast destroying nature's best.

'Twas a land of milk and honey,
Now man's cutting trees for money.
Man is hunting just for fun,
Instead of arrows it's a gun.

We dam up rivers for man-made lakes
So they can sell more real estate.
We love it here in spite of what we do
And people in other countries envy us too.

Still we have our freedom to protest
And change the things which we detest.

**Colin Brown
7B
J.D.H.E.S.**

West Guilford News

By E. COOPER

There is a backlog of news to report for the months when no one was recording West Guilford events. Here are a few of them:

Ken and Peggy Whitney sold their Enchanted Acres to John and May Burgess. The Whitneys are in a new home on the river side of the road, a little nearer to but not quite at the centre of the thriving village. It too is called Enchanted Acres. At the centre of things, the Hardings are operating the garage, and the Guilford Grill is being successfully operated by Carol and John Thompson and son Paul.

Swimming lessons sponsored by the Red Cross are now in progress at Pine Lake. Registration has been down, so there is lots of room still for would-be swimmers. Come and swell the numbers, people. The safety programme is featured in the colour blue this year.

Back to the outskirts of town - Vi and Bob Elder bought the Kennedy house some months ago at the corner of Highway 118 and Stanhope Airport Road. The

Elders have two announcements of varying degrees of importance. Their son, Robert is being married to Diane in Toronto and they will be attending his wedding. The interested neighbourhood is to be assured that the Elders have finished the first phase of the ranch-style fence they are building.

Alvin and Joyce Heayn have sold their house and will be moving to Port Perry.

Shawn and Dianne Hagerman were in Quebec for the holiday weekend. Shawn attended an insurance convention.

At the conclusion of our marvellous Canada Day celebrations here (which is covered elsewhere in the Echo) Carol Stamp thanked everyone who had helped organize the event. Carol herself deserves the most heartfelt thanks, however, for her persistent efforts in the first place and for the leadership provided over the four years when this celebration has meant such a lot of fun for the whole community.

A dirty cooling system can make your engine run hot

When dirt, rust and sludge deposits clog the tiny passages in your heater core, you're in for a long, uncomfortable winter behind the wheel.

That's because these blockages prevent your cooling system from circulating hot coolant from the engine through your heater to warm the inside of your car.

But you really don't have to freeze this winter. Because now there's a method of cleaning out your car's entire cooling system, including the heater core. With WYNN'S X-TEND Power-Flush and WYNN'S X-TEND Cooling System products. A new approach to cleaning and maintaining your automobile's entire cooling system, while helping to maximize cooling system efficiency.

WYNN'S X-TEND Power-Flush unit uses pressurized water and air to flush even those hard-to-reach areas of your cooling system.

So act now, before a dirty cooling system can cause your heater—and your blood—to run cold.

Kinmount Korner

By MILLIE MOSS

Sincere sympathy to all the family and friends of Hazel Lillian Belfry who died at Haliburton Hospital on Sunday, June 24 in her 86th year. The funeral was held from Gordon Monk Funeral Home on Wednesday, June 27 with interment at Kinmount Cemetery.

Marguerite Scarlett would like to thank all her friends who sent cards, gifts, phoned or visited with her during her stay in hospital. Your thoughtfulness is appreciated.

Results of St. James euchar party held Tuesday, June 26: ladies' high, Gladys Anderson; ladies' low, P. Schell; men's high, Hyams; men's low, M. Kylie; lone hands, Connie Williams. There were five tables.

The marriage of Susan Phillips and Ken Strachan took place Saturday, June 23. The lovely reception and dance later, was held at Galway Hall. Everyone appeared to be enjoying themselves immensely and enjoyed the roast beef dinner which was catered by the A.C.W. of James Kinmount. Beautiful flowers decorated the hall, everyone looked lovely and best wishes for a long and happy life were expressed to the newlyweds.

Seven Avon ladies attended a group meeting, Wednesday, June 27 which had been intended to be held at Rotary Park but with the torrents of rain that fell that day, the meeting instead was held in the Home Support Building in Haliburton.

Speaking of the Home Support Services, why not stop in there sometime and see what they have to offer? The good folks are there to help you in any way they can. If you have questions or need help of any kind just give them a call. They also need help in their work so volunteers are always needed. They need people to phone seniors, run an errand, do an odd job, visit awhile, drive seniors or anyone else who has an emergency to the Wheels to Meals. Then they also have Meals on Wheels. Give Ken Hyams a call at 488-2032 if you wish any further information.

If you'd like to give a good home to a cute kitten (there are three left) or a border collie who is black, white and sand, give Cindy Hill a call at 488-2515.

Welcome home to Bill and Win Wilson who spent a few days at Windsor and Wyandot, Michigan, attending the wedding of Bill's brother Harry and Bea. Grandson, Darrell Pratt of Windsor is currently a house guest of the Wilsons.

A belated happy birthday to Mary Cowen who celebrated her "39th" on Thursday, June 21. Her daughters and their husbands, Mary and Rich Gascho, "Georgie" and Doug, Gieni, all of Fenelon Falls, organized a surprise party at the Norland Community Hall right next door to Mary and hubby George's home and they never realized what was going on. Friends and relatives arrived from Norland, Fenelon Falls, Kirkfield, Toronto, Burlington and Mount Albert. Mary received a lot of lovely gifts, among them a sapphire/diamond ring from a long time friend and her family. A lovely time was had by all who attended and Mary thanks all who gave her a birthday to remember. Music was supplied in today's fashion - a friend and his ghetto blaster.

Art and Elsie Davidson along with their daughter Sue and her husband, all of Hamilton, were recent visitors of Clara and Ambrose Watson.

A trip to Burleigh Falls for some of our Senior Citizens was cut short following lunch due to the inclement weather on Wednesday, June 27. A later date will be planned for their outing. Better luck next time folks.

A yard sale is being planned for July 7-8 from 10:00 a.m. to 5:00 p.m., two miles north of Kinmount (highway 121), the first house in on the Howland Junction Road. Featured among the many household articles will be a stereo, an electric portable sewing machine and good, used boys clothing, size 14-16. Another chance to browse this summer.

Mamie Campbell, our guest from Miami, Florida, Bill, Jason and I motored to Huntsville area to visit with Amy and Larry Coker on Friday, June 29.

Roy and Heidi Rivers, currently stationed at Kingston, have been visiting family and friends in Minden, Haliburton and Norland.

There were two motor vehicle mishaps in Kinmount this past week, one of them when a car was down deep in a ditch at the side of Highway 121.

Bavarian Chocolate Frosting: 3 squares Baker's Unsweetened chocolate, 1 1/2 cups sifted icing sugar, 2 1/2 tablespoons hot water, 3 egg yolks, 4 tablespoons butter. Melt chocolate over hot water, remove from heat, add sugar and water and blend. Add egg yolks, one at a time, beating well after each. Add butter, a tablespoon at a time, beating thoroughly. Makes enough to frost tops and sides of two 9-inch layers.

Kinmount is certainly a bustling town this holiday week. The Railway Station on June 30, Fairgrounds all day July 1, yard, lawn, garage, and auction sales all over the place it seems. I hope all of you had a safe and happy time.

Thanks to Mr. Brickman for the very kind words at the wedding held at Galway Hall recently.

Have you noticed how business trips have changed through the years? It used to be that you called home to let them know that you got to the hotel safely. Now you call home to let them know that you got out of the hotel safely.

Stay well and happy, read the Echo, call me at 488-2353 and be here next week remembering - overweight is what happens to you when you live in a foods' paradise.

Contests paired for a grueling three legged race at the Maple and Beech Lake Property Owners' Association picnic. Blue skies and warm temperatures brought out a number of participants to the field at Stanhope Community Centre.

Dorset News

By PHYLLIS BRISCOE

"Nothing improves your personality as much as the charm of a cheerful temperament."

The beautiful summer weather is still with us. With the balmy breezes hovering around us and the beautiful sunshine raising the temperatures into the 70's and 80's one just forgets the past winter with its snow and cold. So enjoy, enjoy, enjoy. It may last for three months and it may not. We can wish that it will last until Christmas, but have to take what comes.

We missed Irene Clayton's birthday last week. Irene celebrated on the 22nd. Congratulations and many more, Irene. We won't miss Ralph Raven. Happy birthday Ralph on June 29.

The Dorset Senior Club enjoyed a roast beef dinner at the Cedar Narrows restaurant in downtown Dorset on Wednesday, June 20. There will not be any regular meetings until September. Any activities at the club during the summer will be noted in this column. There was a good attendance at the dinner, including some of our seniors who had been away on trips. Ralph and Gwen Raven just returned from an extended tour of Europe. Marg and Art Walkden are just back from a trip to Niagara Falls, down through the States with a sightseeing trip to Washington, D.C. where the temperature was 98. Welcome home folks, it's nice to have you home again.

The community was saddened last week by the death of Stuart Ailles in an automobile accident. His parents, Sandy and Dianne Ailles, lived here at Craine Lake for some years before moving to Huntsville where Sandy is employed and their children attended the Dorset school and had many friends here. Sandy has always been active with the Dorset Lions club and has been a driving force at the Camp Dorset Dialysis Camp since its inception. The profound sympathy of the community is extended to the parents and family members of this young man whose untimely death is mourned.

The Lions Bingo began on Monday, July 2 and will continue through the summer on Monday and Thursday night at 8 p.m. in the Dorset Community Centre. This is an inexpensive way to have an evening of fun and support our local Lions who perform a great deal of good work in the community, much of which is not generally known.

A reminder of the huge auction, bake sale and flea market on Saturday, June 30 by Knox United Church. The bake sale and flea market is at 2 p.m. in the Community Centre, the auction at 6:30 p.m. at the Township Garage. One attraction at the auction will be a floating dock, 8 x 8, made of pressure treated wood, which will be delivered to the purchaser by the donor. There is a \$300 reserve bid on the dock. If anyone has donations for any of the events please call one of the following numbers for pick-up: 766-3437, 2415, 2257, 2913 and 2384.

H.H. Going shopping in this hot weather and plan on buying perishables or frozen foods? Put your picnic cooler in your car trunk with a frozen ice pack in it and your purchases will be fresh and cool when you arrive home.

Gooderham News

B. MARY HADLEY
Faye and Dick Snider of Bowmanville visited Theresa and Theo Peacock and other relatives last week.

The Jack and Jill Club of Trinity Church, Bowmanville, spent last weekend at the "James' cottages." On Sunday morning the group of about 30 attended the United Church where their presence added much to the service. This annual visit is always looked forward to with pleasure by both congregation and minister, Maurice Bradley, who was formerly a member of their home church.

Andrew Prentice, accompanied by her family, Barbara and Barry with their children, Douglas and Janice and Susan and Bob with their son, Thomas, spent some time last weekend at her home here. They all attended the Prentice reunion on Sunday.

We are happy to hear that Irene McMahon is home after a successful operation last week. Irene underwent surgery at Sunnybrook Hospital, Toronto. We hope for speedy recuperation and better health in the future, Irene.

Congratulations to Mirl and Walter MacDuff who celebrated their 58th wedding anniversary on Sunday, July 1. Best wishes for health and happiness to you both.

On Friday afternoon, June 22, the graduation exercises for the largest grade eight class ever in the newly named J. Douglas Hogson Elementary School were held.

Among the local graduates are two who won special honours. Shannon Mintz was one of three awarded for accomplishments in Family Studies. Kathy Sauve was jointly awarded the Option Band Trophy. In this band Kathy plays the flute. On Tuesday night at the last

band concert for the season, Kathy delighted the audience with a vocal solo and, along with Kim McCracken, played a flute duet. Keep up the good work, Kathy.

Included in the graduating class were the following from Gooderham: Carrie Billings, Colin Hunter, Tim Hunter, Shannon Mintz, Kathy Sauve and Shawn Stoughton. Among the 44 who had perfect attendance throughout the year was Jason Billings.

The Boys' Club of the Pentecostal Church concluded their regular activities 'til the fall with an over-night camp-out at Bark Lake last week. With their leader, Rev. Sauve, were: Kenny Sauve, Jason Stoughton, Shawn Stoughton, Paddy Taylor, Mike Lang and Trevor Kennedy. The group enjoyed fishing, resulting in feeds of bass and clams, swimming and hiking. They appreciated the use of the fine Bark Lake facility and thank the administration and those responsible for this.

The Pentecostal Church is undergoing a facelift at present. Decorating to both interior and exterior is making quite a noticeable difference.

Among the grade 12 graduates at the Haliburton Highlands Secondary School Commencement exercises last Saturday evening were Sandy Lang and Neil Madill from Gooderham. Congratulations. May your plans for the future be rewarding.

Mrs. Mac Pickens, accompanied by her daughter, Vaneta, has returned after visiting her son, Murray and

his wife and three children in B.C. Her daughter, Leona, and son-in-law, John Mackie of St. Catharines, returned with them for a visit.

Helen McMullen, who has been attending Simon Fraser University in B.C., has returned for the summer to her cottage on Pine Lake. Before her return she enjoyed a two-week visit in England.

Mr. and Mrs. Andre Chartrand and children of Timmins visited the Pickens families last week.

Last week the Glamorgan Library had another exchange of 200 books. There was an excellent selection of various types of fiction, romance, historical, science fiction, mystery and adventure.

In the non-fiction category there was a book which anyone interested in crafts would enjoy. "Family Circle Creative Crafts" has needle-

point instructions, bargello, embroidery, applique, patch work and macrame.

"The Illustrated Encyclopedia of House Plants" contains all the information you would need on potting soil, repotting, seeding, pest control and propagation and is beautifully illustrated.

"Plywood Projects Illustrated" gives 50 low cost easy-to-build projects - complete with step-by-step illustrations.

Included in our biography section is a new book on "Eisenhower". This is a realistic portrait of the man and of the president and tells the story of the Second World War.

For anyone interested in diet, there is Redbook's Wise Woman's Diet Cook Book which details a delicious nutritionally balanced diet. We hope to see you at the library this summer.

Wilberforce News

from page 14

Now is the time to get started on the float that you will be decorating for the big parade. The theme this year is for bicentennial Ontario. For this you could use some of the old equipment still around the house. Focus on history of our Township. We have just over 100 years to look back on but have added our small measure to the forming of present day On-

tario.

friends. Groups such as barber shop quartets and folk singers pay tribute to our Bicentennial year celebrations.

The U.C.W. members put on a fine supper on Saturday night. They had a great turnout due to the fine weather and to their excellent reputation for these social gatherings and delicious food.

Minden news

from page 13

\$2.50 for children from 6 to 12 and preschoolers free.

Charlie Palmer of Lindsay dropped in for a coffee last week.

The Carnarvon United Church lawn-bake sale will be held Saturday, July 14 from 10 a.m. to 1 p.m., rain or shine.

Would you believe an average sized thunder cloud holds about six trillion rain drops?

The winners of last week's

card party at the Library/Cultural Centre were, the following: Lone hands - Clare Brooks, others were Lil Porter and Tom Aitkens.

Hint: Linoleum - To clean linoleum, wash with warm soapy water, but do not use a scrub brush; rinse and dry thoroughly, then polish.

The life of linoleum may be prolonged and preserved by an occasional rub with olive oil.

I was told last week that a lady read my column for the

recipe. Here's one for Popovers: 1 cup flour, 2 eggs, 1/2 tsp. salt and 1 cup milk. Mix flour and salt lightly in a bowl. Add eggs and milk, beat until smooth. Pour into well greased muffin tins or

use as Yorkshire pudding. Bake at 425 degrees. I hope you like this one.

That's all for this week. I hope to see you all next week.

Northern Lights

from page 8

and has been forced to do floor scrubbing on her hands and knees to keep the wolf from her door. Her frame hangs low to the ground, and her seats sag. In fact, I can't drive her anymore, as I can no longer see over the steering wheel.

Now she is Ed's workhorse. She is loaded down like a tinker's wagon, with all the paraphernalia he uses for his job. She carries all his treasures from the dump, until he gets the nerve to present them at the house for my approval. For a while, when Ed was picking up a bunch of kids to take to work, they would make cutting remarks about her less than classic profile. But they were glad of the ride. She had passed many a car stalled on the road in the frigid winter months. The temperature may go below zero, but the Chevy starts every day. And, yet, she has been judged not worthy of repair by uncaring mechanics, who like to repeat the worn-out saw about jacking up the engine and putting a new car under it. I think they're all

waiting for Ed to give it up to the dump, so they can salvage the parts off of one of the few cars that were ever made right.

There's another problem. I don't know where Ed is going to put all the j

room for the driver now, li

One day he stopped to offi

it took him several minute

make room for him to sit. During the next couple

he'd mind sitting on the type of crops should go

She's in her twilight, some exercise. The exercis

runs. The muffler is held ing through his/her field

rigging. The seats have and observing the crops an

has been replaced with sl the various potential prob

signs, and the power has lems which can be seen i

but she starts, and she r these crops. Even a few

day we have to bury her minutes spend walking i

eyes. She's been around each field will be profitable

knows her. Even though t Take a pencil and a sma

they had owned a car li notebook with you to recor

depend on to get them the things you see for futur

And best of all, only th reference. The points yo

she'll be ours. evaluate in each field wi

depend of course on the crop

in each field. Here are some

general things to look for

Rate your seedbed prepara

tion and seeding methods by

seeing if the stand is as thick

and even as it should be. If i

isn't, why isn't it?

How is your weed contro

program? Are there healthy

weeds over an inch in height

which should not be there? I

not, you may assume that

your herbicide program is

not working - you may still be

able to control the weeds

with another spray. What

kind of weeds are growing?

Are there triazine-resistant

weeds growing in your corn

fields?

Look for damage caused by

other pests such as insects

and diseases. Outbreaks of

these are easiest to control at

an early stage. Will there be

a problem with armyworms

this year? Checking your

grain fields now may help

you find the problem before

severe damage is done.

Look for problems caused

by poor soil conditions such

as compaction where tractors

and equipment have tra-

velled frequently; poor drai-

nage from a broken tile;

nutrient deficiencies from

improper or poor fertiliza-

tion; or slow growing plants

where the soil structure is

breaking down due to a lack

of organic matter.

These and many more

things can be seen when you

go for a walk through your

fields. Remember, it is not

possible to see the things you

want to see sitting on the

tractor or pick-up truck.

While you are at it, why

not take soil samples for next

year's crop? There is no time

like the present for doing

that task as well.

Senior League

from page 12

long as I can sit up and eat three meals a day." We welcome Violet Thorne to Hyland Crest, we hope she will like it here as she gets acquainted with the rest.

The Gelert ladies served a tasty lunch this Thursday afternoon. As they washed the dishes, Doris and I played them lively tunes. We also had birthday parties for those who had birthdays in the month of June, with a lovely birthday cake. The ladies have just what it takes.

We are glad to have Edith

Welch back with us again, this time, we hope, to stay. She will get her strength back with each passing day. Friday afternoon our faithful came again, Grace Coburn and Norma. They entertained us royally.

This is all we have to say except please drive carefully on this busy holiday.

'Tis easy enough to be pleasant

When life flows on like a song,

But the man worthwhile

Is the man with a smile

When everything goes dead wrong.

Did you know

By BAMBIL GILDER

Did you know...that our office has a booklet which lists many non-alcoholic beverages?

At times hosts and hostesses who are considerate of their guests in other ways may not think to offer something special for non-drinkers, for the growing number of health food fans who seldom touch alcohol, for dieters, for light drinkers, for the young or for those who simply wish to take it easy over a long evening. No one really expects drinking to disappear. After all, the pleasant social custom of

having a drink with friends has been around for a long time. What everyone would like to see disappear is overdrinking. Those who just don't feel like a drink or those who know when to say when will appreciate the thinking partygiver who offers imaginative alternatives.

Your County Information Centre is located in the Drag River Municipal Building (across from Emmerson Lumber) in Haliburton and we are open Monday through Friday, from 10:00 a.m. to 4:00 p.m.

PRICED TO SELL AT \$64,900

TWO RURAL HOMES, one 4 bedroom and one 2 bedroom. Both priced to sell, good sized lots, garage. Be sure to see these.

WATERFRONT LOTS from \$5,000.00 to \$15,000.00 on good lakes.

100 ACRES on Township Road: Road in through property, small pond, cedar marsh of approx. 5 acres, excellent building site, hydro lines across property. The ideal building spot, spring water. Try \$10,000.00 down, vendor will hold mortgage.

Call Lois McClellan at 457-1365.

PRIVACY PLUS: Spend your summer on this beautiful pine point. Three bedroom cottage, 200 amp service, completely furnished plus large dock and boats. Try your offer.

GLAMOR LAKE: Excellent retirement home, drilled well, electric heat, beautifully landscaped, assumable mortgage at 12% 'til December/85. Vendor must move so try your offer. Asking \$49,900.00.

HOBBY FARM: Good three bedroom bungalow, 13 acres on year round road. Nicely landscaped grounds, tractor and riding mower. Asking \$54,900.00.

LAKESHORE LOTS, large and treed, 4 lakes to choose from, prices from \$12,000.00.

ATTRACTIVE 2 ACRE LOT: Year round road, access to popular lake. Several old buildings on lot. Try \$4,000.00 down.

\$2,000.00 DOWN and you can start to build on this attractive small acreage with drilled well and hydro pole service already there. Try an offer.

Call Joan Rayment at 457-1365 or 286-2623.

OVERLOOKING FORTESQUE LAKE: One acre, lake access on year round road. Only \$5,900.00.

LAKESHORE LOT: South of Minden, good sand beach. Asking \$14,500.00.

Call Mary Woodcock at 457-1365 or 457-2070.

NEED AN INCOME? This resort can provide one plus a home. Ideal location. Give me a call, inspect it and make an offer. You will be surprised at the low, low price.

TWO BEDROOMS WITH DOUBLE GARAGE: On edge of town in picturesque setting overlooking the lake. Walkout basement. With two acres, only \$55,000.00.

A GEM OF A LOT: 4.5 acres on acid free lake. Township road. Sandy beach. Well wooded. Try an offer. Asking \$19,500.00.

TWO STOREY BRICK HOME: With every modern convenience. Extra large bedrooms. Dining room. Family room. Den. Double garage. On paved road. 6 acre lot. \$98,000.00.

SPLIT BUNGALOW: With 4 bedrooms, Hollywood kitchen, living room, family room, studio, outbuildings and 20 acres for only \$79,000.00 with good mortgage.

LOOKING FOR SOMETHING CHEAP? Try this - it's under Power of Sale but may be what you need with 3 bedrooms and walkout basement for just \$22,500.00.

Call Ted Saxby at 457-1365 or 448-2493.

27. thank you

The Wilberforce U.C.W. wish to extend sincere thanks to the many people who enjoyed our strawberry supper on Saturday last, to those who brought salads, etc., for the many compliments for a delicious meal and to Ken and Joan for the big hand they gave us in cleaning up. Our regrets to the few who went short or without strawberries and cream we promise and extra scoop next year. 27-P-4

Sincere thanks to the many friends and relatives who kindly sent cards, letters, and offered prayers for our dear husband and father, Frank Salvatori, during his long illness at North York General and Providence Villa Hospitals.

Special thanks for the many personal visits, offerings of food, floral tributes, memorial contributions, sympathy cards and various acts of kindness since his death. Thanks also to Father Maloney, Father Kelly and Gordon Monk Funeral Home. Your friendship, generosity and support are very much appreciated and will always be remembered. God bless you all. Gina Salvatori and family 27-B-4

The family of the late Eileen Brean wish to extend a special thank you to Rev. John Phillips, Dr. H. Good, Dr. C.J. Abrahamse, Dr. W.W. Belch, Haliburton Red Cross Hospital, Peterborough Civic Hospital, Visiting Home Makers and the Victorian Order of Nurses for their much appreciated help. Husband Roy and family 27-P-4

We would like to thank the Haliburton people for their many prayers, enquiries and cards on our behalf since Percy's accident in January. Special thanks to Dr. Hartwick, hospital staff and ambulance drivers for their prompt response. Also thank you Mae and Gord for being there when I needed you. Percy and Jean Pugh 27-P-4

27. thank you

Allan and Eileen Bagg and family would like to thank all our friends and customers for making our new Eagle Lake Store Official Opening such a happy and successful event. A special thank you to all who gave the many beautiful flowers and cards of best wishes. 27-CA-4

28. births

32. in memoriam

In loving memory of Jack Leslie Mawbey Jr., who passed away July 4, 1982. A beautiful memory of one so dear, Who cherish still with love sincere; A day that comes with sad regrets To one that we will never forget. Lovingly remembered by wife Ann and family - Bev, Kevin, Jackie and Dan. 32-P-4

LUNA - In loving memory of a dear mother, Rosa, who passed away July 5, 1983. A mother who gave us the best years of her life. Who cherished our secrets, our sorrows, our smiles. Who taught us to love and taught us to pray. Dear mother in heaven, God bless you today. Your life was unselfish as for others you lived. Not for what you received but what you could give. Just a loving thought and a silent tear. For a beautiful memory of a mother so dear. Sadly missed and always remembered by the family. 32-P-4

Haliburton Highlights

by Creighton Feir

B. Berstein Ltd. in Haliburton are sporting new siding on the front of their store. It looks really great and adds a great deal to the outside appearance of their business establishment.

Rev. John James and his family of the Haliburton United Church will be on vacation from July 7 to July 31. They will be spending most of their holidays at their trailer at Wilberforce.

Mr. Len Salvatori and Mr. J. Douglas Hodgson were in Ottawa last week in connection with business in regard to the Haliburton County Board of Education.

Bob Normile and Rick Bain have opened up a new business in the former Pop Shoppe building behind the West Shore Glass and Mirror building. To be known as Tri County Warehouse, the new business enterprise will feature new and used furniture and appliances.

The music students of Melissa Stephens held a recital in the sanctuary at the Haliburton United Church on Monday evening, June 25.

Paul Wilson, left, is the new president of the Haliburton Rotary Club. He took over the position from 1983-84 president Brian Black, right, at the club's annual meeting last Thursday. (Photo by Harold Herlihey)

Mr. and Mrs. Bill Deacon of Oakville visited with friends and relatives in the village recently.

Councillor Glen Hodgson had the honour of cutting the ribbon at the Grand Opening ceremonies at the Eagle Lake Foodtown Market held last Thursday.

The village of Haliburton was all spruced up and ready to serve the thousands of visitors who came to town over the first holiday weekend of the summer season. Most business places had work done recently on both the interior and exterior of their buildings while some new businesses opened their doors for the first time.

We wish to welcome Thoi Bui, his wife Ha and their two daughters, Trang 5, and Christie 2, to the village of Haliburton. Thoi is the new technician at Haliburton Audio Visual. We hope that they enjoy their stay here.

For those of you who are wondering what happened to the Pop Shoppe in Haliburton, we wish to advise you that the Pop Shoppe depot is now located at Haliburton Marine Limited. The boys down at the marina tell me that they are looking forward to supplying your soft drink requirements.

Lorne and Eileen Kennedy of Regina, Saskatchewan visited at the home of Mr. and Mrs. Lloyd Coneybeare at Haliburton last Tuesday. Lorne Kennedy as in the Air Force with Lloyd and they hadn't seen each other since the war ended and it was in June of 1945 to be exact. They had a great reunion and visit together talking over old times.

The Rails' End Gallery and the Faculty of the Haliburton School of Fine Arts presents "The Faculty Show", an exhibition of fine arts and fine crafts, from July 3 to July 31.

NorthernWays Transit, with its driver, John Miller, transported a group from Kinark to Toronto on Sunday. They attended the Toronto Blue Jays and California Angels American League Baseball game at Exhibition Stadium.

Mr. and Mrs. Tim Woods and family are moving to Fort Francis, Ontario. We wish them the best of luck in their new home.
